Testimonial – Accountable Bookkeeping

When I require a new 5 tonne forklift for my business, I purchase a 7 tonner. I apply the same philosophy to my administration. If you need a bookkeeper, look for the nearest thing to an accountant.

For over seven years now, I have employed the services of Accountable Bookkeeping. Principal Bob Lewis, a former accountant and more importantly business owner himself, knows and understands what is required in order to get the job done.

I have found the vast knowledge, experience and more importantly the accuracy of expense allocation and processing has greatly reduced the amount of time we spend with our tax accountant (of course that is chargeable time!) and produces prompt and accurate management reports enabling me to make sound financial decisions about the requirements of my business without fear of report integrity.

Most business owners know that compliance generally is a mine field most of us don't have time to deal with. I sleep easy knowing that Accountable have me constantly up to date with my fiduciary responsibilities.

I would highly recommend Accountable Bookkeeping to anybody looking for any form of business administration, large or small.

A handwritten signature in blue ink, appearing to read "David Spence", is written over a large, faint watermark of the Waterhouse Treated Pine logo.
